

**EcoPan**  
Powered by EcoBurner

# STOP WASTING WATER

## CONVERT EXISTING CHAFING DISHES TO WATERLESS

Simply replace the water pans in your existing chafing dishes to convert to an EcoBurner system.

*Each EcoPan will  
save 2,200 litres of  
water every year if  
used instead of  
water pans!*

# FASTER

- Heats up in less than 10 minutes.
- No wasted time handling water.
- Quicker buffet set-up & break-down.

# WATERLESS

- No more filling, heating or wasting water.
- Better quality food - no steam/condensation dripping.
- Safer system for staff to handle.

# SUSTAINABLE

- Halve your running costs - only one EcoBurner needed indoors.
- Zero WATER. Zero WASTE.
- Less Carbon.

**Use your existing  
food pan**

**Drop in  
NEW EcoPan**

**Combined with your  
existing chafer**
