AluChef

A young girl with blonde hair, wearing a colorful striped dress, is smiling and holding a large, bright blue AluChef pot over her head with both hands. The pot has a matching blue lid with a silver handle. The background is a modern kitchen with dark blue cabinetry, a black countertop, and a stainless steel range hood. Various kitchen items like a fruit basket, jars, and books are visible on the shelves.

AluChef

Ultralight

AluChef gives you
the look of cast iron casserole pots
at a fraction of the weight.
An aesthetically beautiful design
as well as practical & versatile.

FEATURES

Make your kitchen or buffet even more versatile and functional with AluChef aluminium cookware that has a non-stick coating.

In addition to being aesthetically beautiful, AluChef is essential for eliminating OH&S issues, operational issues and generally improving venue processes.

The cookware comes with tempered glass lids with a steam outlet and stainless steel edges that provide an even more efficient use, as it allows you to monitor the cooking process and in addition to protecting food in buffets displays.

MATERIAL

6.8 mm thick aluminum body that provides fast and uniform cooking.
Internal and external organic nonstick coating.

Greater anti-stick power; greater resistance to abrasion; greater durability; easier to clean and free of PFOA, ensuring abrasion resistance above 5,000 cycles..

LIGHTWEIGHT

Aiming at practicality and safety when preparing and transporting food, AluChef pans are incredibly light compared to other pans on the market. **Up to two times lighter compared to steel models and up to three times lighter compared to cast iron models.**

WEIGHT IN KG

AluChef

A **WATERLESS** buffet presentation system that offers hotels and banqueting venues many benefits.

By using **Hotplate Technology** instead of water pans,

EcoServe completely eliminates the need for water so staff don't waste energy filling, heating or transporting water to and from the buffet.

This speeds up set-up and breakdown saving countless staff hours while improving the safety of staff and guests as there's no more steam or boiling water to avoid.

Compatible with Ecoserve
